Tea's and coffee- Notes

Just a reminder, we have guidelines for preparing and serving refreshments on the wall by the kettles. However, Margaret often helps by preparing the refreshments when she arrives, but please be mindful that if she is away, you will need to prepare as well as serve. If you cannot make your turn please arrange to swap with someone else and let Dave know. Thanks!

Communion Serving rota and notes

After you have served your section (see below) starting from the front, please wait at the back. Once everyone has been served you can walk together to the front. Then take your bread and juice to your seat. I appreciate this may sound a little regimented, however, we want this practical side of communion to run as smoothly as possible. Speak to Dave Holland if you have any queries.
